

## NEWS HIGHLIGHTS

### Enrollment open for the Master's Degree Course VALORIZATION AND SUSTAINABLE DEVELOPMENT OF MOUNTAIN AREAS – MOUNTAINSIDE

Enrollment is now open for the international Master's degree course "Valorization and Sustainable Development of Mountain Areas" – MOUNTAINSIDE which presents a multidisciplinary study path in English and takes place entirely in Edolo (BS) in the heart of the Central Alps, at the UNIMONT Campus of the University of Milan.

### Exploring Future Scenarios for Mountain Areas in Valmalenco and Maniva Living Labs

On Tuesday June 18 in Lanzada (Sondrio province) and Monday June 24 at Passo Maniva (Brescia province), UNIMONT, center of excellence at the University of Milan, organized the second local workshop in collaboration with Lombardy Region as part of the Interreg Alpine Space TranStat project (Transition to Sustainable Ski Tourism in the Alps of Tomorrow).

### MOUNTAINSIDE students take action: pollinating a rare orchid to strengthen its population

The English-language Master's Degree Course "Valorization and Sustainable Development of Mountain Areas" – MOUNTAINSIDE offers a distinctive, multidisciplinary, and "glocal" training experience, blending local perspectives with an international outlook.

### MOUNTAINSIDE & VALMONT on Tour! A multidisciplinary study trip to discuss strategic issues for the valorisation and sustainable development of the mountains

The students of the International Master's Degree Course 'Valorisation and Sustainable Development of Mountain Areas – MOUNTAINSIDE' and of the Bachelor's Degree Course 'Valorizzazione e Tutela dell'Ambiente e del Territorio Montano – VALMONT' recently carried out a multidisciplinary study trip to the Parco Nazionale delle Foreste Casentinesi.

### UNIMONT reports: Last days to join the 'Call for speakers' for the European Mountain Convention

Euromontana – the European multi-stakeholder network for sustainable development and quality of life in mountain areas – of which UNIMONT, a center of excellence of the Milan University, is a historical member and a member of the Board of Directors, is organizing in collaboration with the Government of Catalonia and CREA, the 13th European Mountain Convention in Puigcerdà, Catalonia, from 15 to 18 October 2024.

### Mountains and ancient civilisations: Collaboration between the Ge.S.Di.Mont. Research Center and the Centro Camuno di Studi Preistorici

The CCSP – Centro Camuno di Studi Preistorici and the University of Milan, represented by the Department of Cultural and Environmental Heritage of the University of Milan, member of the Ge.S.Di.Mont. Research Center, have been collaborating on research since 2022. The agreement, which sees the PrECLab, the University of Milan's Prehistory, Protohistory and Prehistoric Ecology Laboratory, at the forefront, is aimed at research and teaching activities centred on the rock art of Valcamonica, a UNESCO World Heritage Site.

### 'A FUTURE FOR MOUNTAIN AREAS IN POST 2027 EU PRIORITIES': UNIMONT in Brussels to discuss the future of Europe's mountains

On June 13th and 14th, the final conference of the Horizon 2020 MOVING -MOUNTAIN Valorisation through INTERconnectedness and Green Growth project was held in Brussels. The experience of UNIMONT, Alpine centre of the University of Milan, which coordinates numerous European projects from a small mountain village was brought to the attention of international experts and members of the European Commission, testifying a concrete way to promote the future of mountains.

### UNIMONT reports a call for abstracts for the International Workshop of Alpine and Mountain Plants – iWAMP 2024

The 1st edition of the 'International Workshop on Alpine and Mountain Plants – iWAMP 2024' will take place on October 23rd, 24th and 25th 2024 in San Michele all'Adige (Tn).

### MOUNTAINSIDE – Web Communication for Sustainable Mountain Valorisation

The English-language Master's Degree Course "Valorization and Sustainable Development of Mountain Areas" – MOUNTAINSIDE offers a distinctive, multidisciplinary, and "glocal" training experience, blending local perspectives with an international outlook.

### UNIMONT reports: Enrollment open for the webinar 'Preparing for water resilience in the mountains'

As part of EU Green Week 2024 organised by the European Commission, Euromontana – the European multi-stakeholder network for sustainable development and quality of life in mountain areas of which UNIMONT, a center of excellence of the Milan University, is a historical member and a member of the Board of Directors, is organizing a webinar, which will take place online on 25 June 2024, on issues regarding water in mountain areas and how to prepare these territories with resilience.

### A future for Mountain Areas in post 2027 EU priorities – UNIMONT at the Moving final conference

On June 13th and 14th, MOVING (MOUNTAIN Valorisation through INTERconnectedness and Green Growth) will hold a final conference in Brussels. This event, in which UNIMONT, Milan University Hub, has been invited to participate, will be an opportunity to highlight the key role of rural and mountain areas in achieving European policy objectives and targets by 2030.

### UNIMONT at the Euromontana Board Meeting

On May 28th and 29th, UNIMONT, University of Milan hub and a historical member of Euromontana, participated in the Board Meeting hosted by the Innlandet fylkeskommune in Lom, Norway.

## AGRITECH

Agritech – the National Centre for Agricultural Technologies is a national project financed with NRRP funds that involves 28 universities, 5 research centres, and 18 companies. The UNIMONT centre of the University of Milan will operate within Spoke 7, focusing on mountain areas with the aim of promoting a multifunctional production system that favours the agro-ecological and socio-economic sustainability of these territories.

### Contribute to the mapping of Italian plant agro-biodiversity: report local varieties in your area

UNIMONT, a Centre of the University of Milan, is mapping and characterizing traditional Italian local varieties through a citizen science activity, i.e. involving citizens in the collection of scientific data in order to integrate the map of Italian plant agro-biodiversity. This initiative is supported by the NRRP Agritech project - National Center for Agricultural Technologies.
