UNIMONT office closure

UNIMONT, University of Milan mountain hub, will be closed from August 12th to August 16th (inclusive)

MOUNTAINSIDE: A Study Award in collaboration with Banca Popolare di Sondrio

The Val.Te.Mo. association, in collaboration with Banca Popolare di Sondrio, is announcing a competition for a Study Award worth €3,200 to support enrollment in the first year of the International Master's Degree Course 'VALORIZATION AND SUSTAINABLE DEVELOPMENT OF MOUNTAIN AREAS – MOUNTAINSIDE', proposed and provided by UNIMONT, a Hub of the University of Milan in Edolo (Bs).

Photography Competition : 'Climate Goals: Images of Adaptation to Climate Change in the Mountains'

Take part by sending your photos that tell the story of climate change and how mountain areas are adapting, to the photo contest launched by UNIMONT, the Alpine hub of the University of Milan, by 15th September, 2024.

Enrollment open for the Master's Degree Course VALORIZATION AND SUSTAINABLE DEVELOPMENT OF MOUNTAIN AREAS – MOUNTAINSIDE

Enrollment is now open for the international Master's degree course "Valorization and Sustainable Development of Mountain Areas" – MOUNTAINSIDE which presents a multidisciplinary study path in English and takes place entirely in Edolo (BS) in the heart of the Central Alps, at the UNIMONT Campus of the University of Milan.

AGRITECH

Agritech – the National Centre for Agricultural Technologies is a national project financed with NRRP funds that involves 28 universities, 5 research centres, and 18 companies. The UNIMONT centre of the University of Milan will operate within Spoke 7, focusing on mountain areas with the aim of promoting a multifunctional production system that favours the agro-ecological and socio-economic sustainability of these territories.

Contribute to the mapping of Italian plant agro-biodiversity: report local varieties in your area

UNIMONT, a Centre of the University of Milan, is mapping and characterizing traditional Italian local varieties through a citizen science activity, i.e. involving citizens in the collection of scientific data in order to integrate the map of Italian plant agro-biodiversity. This initiative is supported by the NRRP Agritech project - National Center for Agricultural Technologies.
